Main Street Approach

Advocates a return to community self-reliance, local empowerment, and the rebuilding of traditional commercial districts based on their unique assets.

The National Trust Main Street Program offers a revitalization framework that operates around four categories, providing the keys to successfully preserving and revitalizing historic downtown.

ORGANIZATION:

Builds consensus and cooperation among the many groups and individuals who have a role in the revitalization process to create a strong and sustainable organization. Assists with member recruitment, events, fundraising, strategic planning, goals and newsletter.

DESIGN:

Works to upgrade and beautify the town image by making streetscape improvements, to encourage public pride and awareness, managing a flower program and improving the quality of life through a public gardens program as well as promoting the rehabilitation of historic buildings.

PROMOTION:

Markets Downtown to customers, investors, new businesses, residents, and visitors by developing and carrying out image campaigns, retail promotions and special events. Brings promotional ideas to the organization and assists with events.

DISTRICT VITALITY:

Works to develop and implement an economic strategy to distinguish Downtown as a successful commercial corridor, to provide sustainable business opportunities for the merchants and to create job opportunities. Develops partnerships with other organizations, conducts surveys and seminars and welcomes new businesses to Downtown.
